POWER SUPPLY TO IRRIGATION PUMPSETS

819. Sri C. H. ASWATHA REDDY (Jagalur).—

Will the Minister for Public Works and Electricity be pleased to state:—

(*a*) the reasons for delaying the power supply to the I.P. sets installed in Irrigation Wells;

(*b*) the action the Government would take to supply power to the I.P. sets immediately ?

Sri H. M. CHANNABASAPPA (Minister for Public Works and Electricity) :

(*a*) The delay in supply of power to I.P. sets is mainly due to acute shortage of essential line materials like conductors, wires, cement, steel, etc.

(*b*) Steps are taken by the Board to procure the materials on priority basis to enable power being supplied to as many IP sets as possible.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE.

(i) Re : *Out break of anthrax animal disease in Yelavadahally*

Sri B. G. BANAKAR (Hirekerur).—I call the attention of the Minister for Health to the out-break of Anthrax disease in animals at Yelavadahally village in Hirekerur Taluk.

Sri H. SIDDAVEERAPPA (Minister for Health).—I wish to make the following statement.

There was an outbreak of Anthrax disease in animals at Yelavadahally village in Hirekerur Taluk during the month of August, 1973, as a result of which many animals died in the village. The Department of Animal Husbandry has taken up treatment of animals against Anthrax and also mass immunisation of animals against the said disease. It is learnt that the infection of Anthrax has come down.

The Regional Deputy Director of Health and Family Planning Services, Belgaum Division, Belgaum visited the village on 27th March 1974 with the District Health and Family Planning Officer, Dharwar and Medical Officer of Health, Primary Health Centre, Kod, and investigated the disease. Four persons are reported to have died due to suspected Anthrax during the period from 1st July 1973 to 11th February 1974. They had the signs of acute swelling of the throat, pain and fever. There has been no further attack.
